D. Information Items

1. Old Business

a. Reopening of traditional (face to face instruction with students) school

Superintendent Reddick reported to the board members, that after learning of a decline in COVID-19 cases in Etowah county and also observing face-to-face instruction in the two area school systems, the Gadsden City Schools will offer students the option of face-to-face instruction beginning September 28, 2020.

Parents will also have the option to continue remote learning if they do not feel comfortable sending students back to school.

Superintendent Reddick reported he had considered several factors in the decision. Parent surveys indicated 60% of the responses wanted students to return to the classroom. While many other parents did not feel comfortable sending their students back to class. Superintendent Reddick stated by offering remote and face-to-face, the choice will be available for both. The September 28th start date, will allow time to watch for post-Labor Day spike of COVID cases and also prepare accordingly.
