Superintendent Reddick briefed the board on the topic of the construction of the sports complex at Gadsden City High School. Mr. Reddick noted that more details would be discussed about the complex at the pending board work session.

a. COVID Update

Superintendent Reddick reported on the current status of COVID cases for the Gadsden City School system.

As of December 4, 2020, a cumulative total:

Student Positive COVID Cases - 71

Staff Positive COVID Cases 76

Close Contact Student - 392

Close Contact Staff - 59

Symptomatic Students - 139

Symptomatic Staff - 30

This has impacted our schools to a degree. Due to a lack of staffing in schools, some schools have gone to remote instruction temporarily.

Superintendent Reddick stated the system was aware there could possibly be a rise in cases upon the return of students and staff from Thanksgiving break. Mr. Reddick reported the quarantine time had been decreased from 14 days to 10 days, and that would be beneficial for the employees and students who were having to quarantine due to exposure.

Board members asked if a team could be formed to discuss how the system had handled the pandemic, and what areas the system could improve.

2. New Business

a. Apptegy Information Application

Superintendent Reddick reported on a program, from the company Apptegy, that can be used to increase communication from our system to the parents and the general public regarding Gadsden City Schools. At this time, Mr. Reddick is only sharing the information with the board members. Superintendent Reddick and Technology Director Dr. David Asbury, have discussed the program, and do not feel it is necessary at this time. However, Superintendent Reddick wanted to share the information with the board in case there might be a need in the future for the services.
